One thousand hands  
Pull you down into dark waters  
Victimized  
Time of life on earth expired  
Coldly served the vengeance damning  
Murder in the first degree  
Fodder for the oaken box so lined with velvet tapestry

Descent imminent bladder and bowels into pants spent  
The glow is waning in your eyes  
What's coming next is no surprise  
Death phlegm rattles  
Terrible the choking swansong  
Rapid decline  
When old age brings burdens cumbersome  
Cruelly dealt the sickness growing  
Malignancies triumphantly  
Destroyed you from the inside out  
Begging for death insistently

Into the ever black  
From where there's no coming back  
Six feet below  
The earth rotting food for the fetid worms  
Into the harrowed grave  
Your mortal soul cannot be saved  
Into the nether realm  
Dead as slate and cold as hell

Funereality  
Headstones towering above  
S'far as the eye can see  
Condemned to hell so morbidly  
My friend you'll never see  
Lost forever in between  
In revenance you've been deceived  
What you have prayed for shall not be  
Your hollow cries he has denied  
Your weak religion dies  
With thee a feeble cross insignia of fabled gods  
You'll haunt a landscape draped in grey

Deceased and meant to be  
To push the daisies up eternally your name is here in  
stone

Into the ever black  
From where there's no coming back  
Six feet below the earth  
Rotting food for the fetid worms  
Into the harrowed grave  
Your mortal soul cannot be saved  
Into the nether realm  
Dead as slate and cold as hell
