Dense dark forest dismal fog  
A spectral force perverts these woods  
Flight prevails frantic escape  
The unearthly horrors at each turn they wait

Wandering roots they creak and move  
Slithering toward what mortal life intrudes  
Terrified eyes opened wide  
Ensnare her flailing limbs to the earth they are tightly tied

Raped in hatred by vines of thorn  
By the evil dead to ribbons ripped and torn  
Raped in hatred by vines of thorn  
Pierced from within her child is skewered unborn  
Raped in hatred by vines of thorn  
Twisted in halves in this gruesome tug-of-war  
Raped in hatred by vines of thorn  
Flora possessed suckling the gore

Untamed kudzu green cocoon  
Trapped inside her flesh their food  
Death prevails gnarled roots entwined  
Siphon the marrows from her splintered spine

Animate trees shuffle their roots  
Gathering around this late night rendezvous  
Murderous orgy in full bloom  
Her screams they cut the fog this night  
On sheer terror the seedlings thrive

Raped in hatred by vines of thorn  
Behold the wrath of the Necronomicon  
Raped in hatred by vines of thorn  
Lancing her womb the child inside is gorged  
Raped in hatred by vines of thorn  
Broken in two entwined within the growth  
Raped in hatred by vines of thorn  
Necrotized demonic spores

You brought this all unto yourselves

Should not have tampered with this hell  
Opening the book your last mistake  
These haunted woods shall be thine grave

Raped in hatred by vines of thorn  
By the evil dead to ribbons ripped and torn  
Raped in hatred by vines of thorn  
Pierced from within her child is skewered unborn  
Raped in hatred by vines of thorn  
Twisted in halves in this gruesome tug-of-war  
Raped in hatred by vines of thorn  
Flora possessed suckling the gore
