When it come to ice cream, I like all flavors
I love chocolate fudge but I'm a caramel craver
She a Dairy Queen like a already tail
What's yo MySpace URL?
Ice cream scoop on a cake counting shelves
She'll cut your girl, yeah I'm made blue bell
With her best friend they the sweetest on the shelf
What a nigga gotta do to get the 2 for 1 sale?
You can call it green, I'm a call it shopping

Looking for a stand with a bunch of different topping
This is Baskin Robbins goin drop it too the song
Yeah, I like the way you scoop but could you drop it on
the cone?

Girl you cold, I.C.E.

You look so damn N.I.C.E.

Skin like a waffle cone I met her up in Bronx

I said 'What's yo flavor? ' she said 'butter pecan'

I like banana splits but their fudge got me sprung

I don't even need a spoon baby I can use my tongue

Now catch you fall a drip, catch you for a drip

She offer me a scoop but I took a triple-dip

Cherry on top baby don't forget the whip

Got the niggas going nuts every time she lick her lips

Call me Master P I'm the ice cream man

Got it one after me ice cream man

All up in the club I see thirty-one haters

Thirty-one chicks that thirty-one flavors

We do the Rocky Road, cause that's her favorite flavor

Taste so good got me bragging to my neighbors

Playas get choice, she tell em lames

Baby girl ice cold, she'll give you brain freeze
