"Give People A Chance"

Tension days of unbreathable air
The clamour of the drums and missiles can be heard
Human hearts drag below
The weight of evidences
Searching for the people in need
GIVE PEOPLE A CHANCE
What is the use of one more preacher among
thousands of books?
To shake the temples and avoid the fossilization of
poetry on paper
Giving heart and soul
Searching for the people in need
GIVE PEOPLE A CHANCE
The way: charity must be done without rewards or
understanding
Life is like the monotonous sound of a train in
movement
But the trail always lead to somewhere
"All things what'soever you would that men should do
to you
Do you even so to them"
For this is what left for us to make a better world
Where everybody would live in peace forever
