[Chorus:]

She ain't got it all (nope)
She ain't got it all (nope)
Is something wrong with her?
Cuz she ain't got it all (nope)
She ain't got it all (aye)
She ain't got it all (aye)
She on some other shit
Cuz she ain't got it all (aye)
She ain't got it all (nope)
She ain't got it all (nope)
Somebody get this girl
Cuz she ain't got it all (nope)

Cuz she ain't got it all

[Verse 1:]

See she ain't got it all
She ain't got it all
All you crazy hoes
I know a lot of yall
I had this one girl
She had a body, dawg
Pretty in the face
Just like a Barbie doll
I met her in da club
She was hot and all
At first I really liked her
But later not at all
I took her to da crib
And she was naughty, dawg
She took me to da head
Just like a Tylenol
She see my piece and chain
She see my diamond rang
That's what the problem is
She feel I got it all
See I done met the game
But see I play da game
So imma call the clique

And toss her like a volleyball (aye)

[Chorus:]

She ain't got it all (nope)
She ain't got it all (nope)
Is something wrong with her?
Cuz she ain't got it all (nope)
She ain't got it all (aye)
She ain't got it all (aye)
She on some other shit
Cuz she ain't got it all (aye)
She ain't got it all (nope)
She ain't got it all (nope)
Somebody get this girl
Cuz she ain't got it all (nope)

[Verse 2:]

Say now she callin me
And she keep on callin me
I'm not a toilet bowl
So why she stallin me?
She crazy in da head
Oh yeah she gotta be
And den she be at all my shows
I think she followin me (she do)
Now I don't bother her
So why she botherin me
She see me ballin so she tryna win a lottery
She stay around cuz
She know I be where them dollars be
But I wouldn't spend a dollar on her in a dollar tree
I know you think I'm mean
Well I don't try to be
So suck it up cuz see Dorrrough don't do apologies
She asked am I a G
I tell her possibly
But if a G is what she want
Then I don't try to be

[Chorus:]

She ain't got it all (nope)
Is something wrong with her?
Cuz she ain't got it all (nope)

She on some other shit

Cuz she ain't got it all (aye)
