Lil mama super thick, that's why she on my team
I call her super chick, when she be on the scene
Got on her freaking dress, she got her heels on
She got... her... real...
She bad to the bone, she bad to the bone, she bad to
the bone
She bad to the bone, she bad to the bone, she bad to
the bone
She bad to the bone, she bad to the bone, she bad to
the bone
Lil mama super thick, that's why she on my team
I call her super chick, when she be on the scene
Got on her freaking dress, she got her heels on
She got... her... real...
She bad to the bone, she bad to the bone, she bad to
the bone
She bad to the bone, she bad to the bone, she bad to
the bone
She bad to the bone, she bad to the bone, she bad to
the bone

She got her own, that means she's staking super...
She want a baller on her team, so I'ma shoot the shot
Lil mama superhot, she bad to the bone,
She got her own spot and drive a Jag on some chrome
And she knows more of these niggers ain't talking
about nothing
She gonna move around if you ain't talking about
nothing
So you ain't got no reason to be walking around frontin'
Cause she ain't falling for it, she can tell you're stuntin'
On a same... doing her heels on, and her freaking
dress
She treat herself good, so she the one I treat the best
Also she's the captain of my team yeah I made the
decision
Now she the new ceo cause I gave her the bizness, get
it?

Lil mama super thick, that's why she on my team
I call her super chick, when she be on the scene
Got on her freaking dress, she got her heels on

She got... her... real...
She bad to the bone, she bad to the bone, she bad to
the bone
She bad to the bone, she bad to the bone, she bad to
the bone
She bad to the bone, she bad to the bone, she bad to
the bone

You bad to the bone... I like what I see
She back it up and I look, like bring it to me
... she got what I take
She bust it open, she do it, do it,
I like how that be
Lil mama super thick, I put her on the team
I took her to the crib and let her meet the team
I walked her up the stairs, she took her... out
She took her heels off, her...
I mean I ask out, how much that air cost
I took her to the... and then I knocked that ass off
Lil mama super bad, she's to f*ck with a boss, f*ck with
a boss, f*ck with a boss

Lil mama super thick, that's why she on my team
I call her super chick, when she be on the scene
Got on her freaking dress, she got her heels on
She got... her... real...
She bad to the bone, she bad to the bone, she bad to
the bone
She bad to the bone, she bad to the bone, she bad to
the bone
She bad to the bone, she bad to the bone, she bad to
the bone
