Whoa, oh, oh

Your other love  
Buys you pretty clothes  
And all the fine things  
Heaven only knows  
That I wish I could

Your other love  
Dances and he sings and  
He swings and says  
All the witty things  
That a playboy should

He's got money, he's got charm  
When you're walking arm in arm  
It hurts me so but I just  
Want you to know

That it's not easy  
Heaven knows I tried  
To wish the best to you  
Push myself aside

Well, it takes the greatest love  
That you'll ever find  
To let you walk away  
Leaving me behind  
And that's the greatest love  
Yes, it is

Your other love, he's got the power  
To entertain each and every hour  
Of the day and night

Your other love, he's got the ways  
And the means to show you all  
The wild scenes where the  
Lights are bright

Lord should never be possessed  
So don't you cry and be depressed

You're free to go but I just  
Want you to know

That it's not easy  
Heaven knows I tried  
To wish the best to you  
Push myself aside

Well, it takes the greatest love  
That you'll ever find  
To let you walk away  
Leaving me behind  
And that's the greatest love
