yada yada yada yada yada
let's top talking talking talking
wasting precious time
just a lot of empty noise
that isn't worth a dime
words of wonder
words of whether
should we shouldn't we
be together
yada yada yada yada yada yada

let's top talking talking talking
taking up our lives
saying things that don't make sense
hoping help arrives
curse my questions
damn your qualms
tomorrow they could be
dropping bombs
and we go yada yada yada yada yada

so we sit
at a restaurant table
discussing reasons
we're unable to commit
that's not it
all i want
is to please and enjoy you
what makes you think
i'll be out to destroy you
if you commit
that's not it
is it something you sense
underneath my defenses
that makes me a threat
that's not it
and yet
suppose that's it
ow wow wow i don't want to
think about that now

let's top talking talking talking

every lame excuse
justifying alibying
listen what's the use
the sparrow chirps
the chipmunk chatters
and we go on as mad as a hatter
and nothing at all gets said
talk to me please
in bed
where it matters
yada yada yada yada yada
