So was it worth it?
And do you look back happy with the choices you made?
The pages filled with memories and ink already dry
Do you second-guess your character and stop to wonder why?
And all my failings and every moment, I'd rewrite if I could
Can we push beyond our history and empty out your heart?
Can we separate the lessons learned from what tears us apart?

Pre-Chorus:

So take this as a warning,
Listen as I say: I'd wrap my arms around the world and spin the other way.
If it meant that I could take back every time you hurt,
I'd use my tears upon your heart to wash away the dirt.

Chorus:

If your heart wouldn't beat I'd give you mine.
Without a second thought.
And if it was within my reach I'd turn back time.
I wouldn't mind reliving this with you.
If only you would, just ask me to.
We've made it this far
And through the darkness we've stumbled and we've fell.
And getting to my feet again, you've offered out your hand.
In spite of our intentions life doesn't always go as planned.

I'm far from perfect, and how you know it
and love me any way.
Sometimes I live inside my head,
And tear myself apart.
You've pushed beyond my shallowness and filled an empty heart.

Pre-Chorus

Chorus
