I don't know why I'm telling you any of this  
One thing is, don't ever tell anyone I told you this  
Don't save me, just forgive me  
Forgive me, 'cause I was only thinking of you  
Just you

I'm falling

Well, for a long time, all he wanted was to save me  
He was weaving his words around me, just like chains  
The closer we were, the lower he whispered  
I know it's crazy, but he was singing

They say we're hard to please  
They say we have too much  
As if all this would do  
When all we want to have is fun

I'm falling

The angel from this dream I have  
He's here again  
He came like sun through the window and he smiled  
The higher you fly, the harder you fall

They say we're hard to please  
They say we have too much  
As if all this would do  
When all we want to have is fun  
And why this empty space

I'm falling

Did he touch me  
Does he surround me like the air in this room  
Oh I can walk inches higher than the floor  
But if you want to know the truth

I'm falling

I don't know, why I'm telling you any of this

One thing is, don't ever tell anyone I told you this  
Don't save me, just forgive me  
'Cause I was only thinking of you, just you

They say we're hard to please  
They say we have too much  
As if all this would do  
When all we want to have is fun

I'm falling

Please catch me  
Oh just catch me  
Just so that I don't fall  
Let me charm the birds out of the sky  
So that I can look up  
and I can see you  
Did I see you  
Did I touch you  
Come close  
To me
