You travel through my blood, coursing through my  
veins  
And today, the memory like a shadow I can't shake

La premi re rencontre est arriv e  
Pense   moi  
Le silence de la mer

I confess you've got a hold on me  
But I never fall this easily

Your history seems to shroud you like a plague  
And you wonder why this thought keeps you awake

I never asked you to step inside my skin  
I let you stay here haunting me within

La premi re rencontre est arriv e  
Quelque fois tu me causes  
Pense   moi  
Toujours  
Pense   moi  
Le silence de la mer

I confess you've got a hold on me  
But I never fall this easily

I confess you've got a hold on me  
But I never fall this easily
