Try to catch her
Falling from the sun
There's an answer
Till the daylight comes

Try to catch her
Falling from the sun
There's an answer
Till the daylight comes

Try to catch her
Falling from the sun
There's an answer
Till the daylight comes

Try to catch her
Falling from the sun

Maybe you'll die in her arms
Maybe you'll die in her arms
Maybe you'll die in her arms
Maybe you'll die in her arms

In her arms
In her arms
In her arms
In her arms
In her arms

There's an answer
Till the daylight comes
Try to catch her
Falling from the sun
