He doesn't love you like I do (&)
He can't kiss you like I do

Well I've been working up the nerve and
This bottle's all but gone
I've been writing down the words, but
All the sentiment is wrong

Now I'm feeling nothing and
There's nothing I won't do
It's the middle of the night
I've got nothing left to lose

Sorry I've been
Drinking alone by the telephone and I
Called you up 'cause
I need your voice

And I know I shouldn't have
But girl I miss you so much (&)
He doesn't have to know

She can't touch me like you do
She's been perfect, but she's not you

Well I've been working up the nerve and
This bottle's all but gone
I've been writing down the words, but
All the sentiment is wrong

Now I'm feeling nothing and

There's nothing I won't do
It's the middle of the night
I've got nothing left to lose

Sorry I've been
Drinking alone by the telephone and I
Called you up 'cause
I need your voice

And I know I shouldn't have

But girl I miss you so much (&
He doesn't have to know

When he's laying by your side,
Do you think of some times?
Do I ever cross your mind? (2x)

Sorry I've been
Drinking alone by the telephone and I
Called you up 'cause
I need your voice

And I know I shouldn't have
But girl I miss you so much (&
He doesn't have to know

I know. I know
I just need your voice

And I know I shouldn't have
But girl I miss you so much (&
He doesn't have to know
