God can
God can
And God will
God will
He'll fix it
God will fix it for you
God can
God can
I tell you He will
God will
God will fix it for you

Somebody might be in the hospital
And the doctors done all they can do
I tell you all you need is faith
The size of a mustard seed
I'm a living witness He'll see you through

Just like God gave Moses the power in the rod
I'm here to you there's healing in the word of God
And God can
God can
And God will
God will
He'll Fix it
He will fix it for you

Let's show somebody God can

God can [repeat through next lead verse]

Let's walk through the Bible days
And get a witness who can say God can

Come here woman with an issue of blood
She'll tell you God can
Come here blind man on the side of the road
He'll tell you God can
Come Abraham
God provided you with a lamb
And you know about old Job

How he waited on the Lord
Job went against all odds
To let you know He's an on time God

I tell you God will fix it

God will fix it [repeat]

He'll fix it
Fix it
[Repeat]

God can
God can
And God will
God will
He'll fix it
God will fix it for you
