Walk boldly to stand in His presence  
Lay claim on the promise He made  
Your soul can be cleansed  
Beneath the flow of His fountain  
His Blood washes guilt all away

Chorus

Just bring all your needs to the alter  
Bring all your needs to the Lord  
He is so willing and able to help you  
Bring all your needs to the Lord

He watches the fall of the sparrow  
Concerned with the lilies so fair  
How much more He cares  
For the sheep of his pasture  
So bring Him the burdens you bear

Chorus

Bring all your needs to the alter  
Bring all your needs to the Lord  
He is so willing and able to help you  
Bring all your needs to the Lord  
Bring all your needs to the Lord
