You say you love me and it's inviting to go where life is  
more exciting  
But I was raised on country sunshine

I was raised on country sunshine, green grass beneath  
my feet  
Running through fields of daisies, wading through the  
creek  
You love me and it's inviting to go where life is more  
exciting  
But I was raised on country sunshine

I was raised on country sunshine, I'm happy with the  
simple things  
A Saturday night dance, a picture show and the joy that  
the bluebird brings  
I love you, please believe me, I wouldn't want you to  
ever leave me  
But I was raised on country sunshine

There's just something 'bout the morning that make  
each day a joy to see  
The nighttime brings a peaceful feeling to rest inside  
of me  
I love you, please believe me, I wouldn't want you to  
ever leave me  
But I was raised on country sunshine

Yes, you love me and it's inviting to go where life is  
more exciting  
But I was raised on country sunshine  
I was raised on country sunshine  
Oh, oh, I was raised on country sunshine  
I was raised on country sunshine
