(Donna Fargo)

There was a time I was afraid to love or be loved  
And hurtin' was for the weak not the strong  
And I've gone through all kinds of things on promises  
And I still don't know the difference between right and  
wrong.

I keep hearing myself asking me who am I  
What is it I'm tryin' so hard to do  
And I'm not sure I'd ever trusted anyone completely  
So does it matter that I took a chance on you.

Does it matter that I took a chance on loving you  
When I didn't believe in me  
Does it matter at all to you that I wanted to be what you  
wanted me to  
And I wanted so much to be just right for you.

I guess it's just my nature to ask questions  
So I hope that you don't mind much when I do  
And even though I know I'll never know all the answers  
Does it matter that I took a chance on you.

Does it matter at all to you that I wanted to be what you  
wanted me to  
Oh does it matter that I took a chance on you...
