If it's all right with you  
I'd like to stay here and love you  
And hold you  
At least until the daylight comes

If it's all right with you  
I'd like to thank you when tomorrow comes  
Don't go away too soon,  
If it's all right with you

If it's all right with you  
I think I'll love you  
If it's all right with you  
I think I'll love you

When the morning sun  
Rises in the sky  
I should stay alone

If it's all right with you  
We won't think about tomorrow  
Or yesterday  
Tonight could be a lifetime

If it's all right with you  
I'll dim the light and close the wall away  
If you let me stay  
If it's all right with you

If it's all right with you  
I think I'll love you  
If it's all right with you  
I think I'll love you

When the morning sun  
Rises in the sky  
I should stay alone  
Or go

If it's all right with you  
I think I'll love you  
If it's all right with you

I think I'll love you
