If you go away on this summer day
Then you might as well take the sun away

All the birds that flew in the summer sky
When our love was new and our hearts were high
When the day was young and the night was long
And the moon stood still for the night bird's song

If you go away, if you go away, if you go away
But if you'll stay, I'll make you a day like no day
Has been or will be again
We'll sail the sun, we'll glide on the rain

We'll talk to the trees and worship the wind
Then if you go, I'll understand
Leave me just lot love to fill up my hand

If you go away, if you go away, if you go away
If you go away, as I know you will
You must tell the world to stop turning
Till you return again, if you ever do
For what good is love without loving you

Can I tell you now, as you turn to go?
I'll be dying slow to the next hello
If you go away, if you go away, if you go away
But if you'll stay, I'll make you a night
Like no night has been or will be again

I'll sail on your smile, I'll glide on your touch
I'll talk to your eyes that I love so much

But if you go, I know I will cry
All the good is gone from the word goodbye
If you go away, if you go away, if you go away
If you go away, as I know you must
There'll be nothing left in the world to trust

Just an empty room full of empty space
Like the empty look I see on your face

I have been the shadow of your shadow

If I thought it might have kept me by your side
If you go away, if you go away, if you go away
