If time were not a moving thing
And I could make it stay this hour
The love we share will always be
There'd be no coming day
To shine a morning light
Make us realize all night it's over

When you walk away from me
There is no place to put my hand
Except to shade my eyes against the sun
That rises over land

I watch you walk away somehow
I have to let you go, now it's over
If you knew just how I really feel
You might be turning yet

There are so many times that people
Have to love and then forget
Though there might have been a way
I have to force myself to say it's over

So I turn my back and turn my hair to the wind
Move along in silence, trying not to think at all
I send my feet before me walk
The silence street before me it's over

If time were not a moving thing
It's over
