(Dottie West - Bill Davis - Byron Metcalf)

I won't ask you to say you'll stay with me forever
I promise I'll always fit in your plans
Let's not waste today on what might come tomorrow
Let's love and love as long as we can
Let's love and love as long as we can.

When that got-to-have-you feeling's gone and that
leavin' feelin's coming on
If we've done our best we'll understand
So let's don't talk about goodbyes let's keep on
reaching for the skies
And love and love as long as we can.

'Cause nothing lasts forever what we've got's no
exception
So let us take one day at a time
Then when it's gone we'll carry on with good times to
remember
So let's love and love as long as we can
Let's love and love as long as we can.

'Cause nothing lasts forever what we've got's no
exception
So let us take one day at a time
Then when it's gone we'll carry on with good times to
remember
So let's love and love as long as we can
Let's love and love as long as we can.

Let's love and love as long as we can.
Let's love and love as long as we can...
