(Ray Pennington - Chuck Howard)

I'm gonna smile at everyone I meet today  
I'm gonna walk my streets so happy they won't believe  
I'm gonna dance at the slidest sound of music I hear  
play  
It may sound crazy but that's my goal for today.

I'm gonna thank someone for the sun that shines so  
bright  
I'm gonna thank someone for the someone he gave me  
the hold tonight  
I'm gonna dance at the slidest sound of music I hear  
play  
It may sound crazy but that's my goal for today.

I'm gonna thank someone for the sun that shines so  
bright  
I'm gonna thank someone for the someone he gave me  
the hold tonight  
I'm gonna dance at the slidest sound of music I hear  
play  
It may sound crazy but that's my goal for today.

It may sound crazy but that's my goal for today...
