(Mosie Lister)

(Then I met the Master now I am one of his own)  
Like a baby that cries for its mother  
Like a child I was helpless in this world alone  
Then I met the Master now I am one of his own.

For all things were changed when he found me  
A new day broke through all around me  
Then I met the Master now I am one of his own.

--- Instrumental ---

For all things were changed when he found me  
A new day broke through all around me  
Then I met the Master now I am one of his own.

Yes, I met the Master now I am one of his own...
