Visit "[I Know A Place](#)" on [MotoLyrics.com](https://www.motolyrics.com)

It's here in my heart
Where you can stay the night
It's here in my mind
Where I'm always by your side
It's here in my dreams
Where you don't have to leave
It's here on the moon
Where you and I can breathe

I know a place where you and I
Can face the world for sure

It's here in my book
Where I can write about you
It's here in my soul
Where I don't have to live without you
It's here in my head
Where you're turning 'round and 'round
It's here on the moon
Where your voice is the only sound
