When times were good
When times were bad
Somehow we said "I'm sorry..."
Through slamming doors
Two lives were torn
Three years we shared one story...

A page is torn
From there to when
Each day began with laughter
So can we start
Right there from then
And finish ever after

You wanted right
It wasn't wrong
But life left us believing
That wedding bliss
Brought happiness
And love would have a season

A page is torn
From there to when
Each day began with laughter
So can we start
Right there from then
And finish ever after.

So be it rich
So be it poor
I'm still the boy
Who's asking
To make you smile
You sing awhile
As these tear drops
Are passing

A page is torn
From there to when
Each day began with laughter
So can we start
Right there from then

And finish ever after.

So can we start
Right there from then
And finish ever after...
