Faerie tale believer
Said he'd never leave her
It wasn't his life
But it wasn't TV
Mr. Undertaker
Undo and unbreak her
Bring back her life
And set my soul free

Cause I am left with the pieces
The long days
Medicating myself
Till I find my way home
And You were there
On the phone
Wanting her things
So I closed my eyes
And Try not to cry
Try not to cry
But I do

Photographs of laughter
Happily ever after
It wasn't a year
But it was for a while
Father one and alter
Brother and adulterer
Cut like a knife
But I'm back on my feet

Cause I am left with the pieces
The long days
Medicating myself
Till I find my way home
And You were there
On the phone
Wanting her things
So I closed my eyes
And Try not to cry
Try not to cry
But I do

Pieces...
Pieces...
Find all the pieces
Pieces...
Pieces...
Find all the reasons...
ALONE...

Solo (Over full verse and chorus)

Pieces...
Pieces...
Find all the pieces
Pieces...
Pieces...
Find all the reasons...
Come home...
Come home...

Cause I am left with the pieces
The long days
Medicating myself
Till I find my way home
And You were there
On the phone
Wanting her things
So I closed my eyes
And Try not to cry
Try not to cry
But I do...
