Verse

I've been lookin' for a direction to put me in touch,
I'm a-searchin' high and low for my connection,
Am I asking too much?
Way back in my mind, there's a voice that says I can
Find just what I'm looking for,

Chorus

Well I'm back, back on the streets again, yes
I'm back, back where it all began.

Verse

And I need some technicolor high adventure, to stay on
the move,
Well the winner's circle I am meant for, no way I can
lose.

Bridge

Ain't nothin' like the real thing baby, to let you know
what life
Is all about.

Chorus

Yes, you've got to get back, back on the streets again,
Well I'm back, back where it all began.

Bridge

It's an ever changing wild world baby
But to stay on top you've got to believe,

Chorus

Yes, you've got to get back, back on the streets again,
Well I'm back, back where it all began.
Yes, you've got to get back, back on the streets again,

yes

Well I'm back, back where it all began.
