A young man lies with a needle in his arm,
Say a little prayer for his unlucky soul
China white in his hand
It's so sad, so sad
Fire Of The Dragon

A pretty girl walked the streets
Fire Of The Dragon
The scene was set and the time was right
Turn a trick or two and she'll get
Lookin' for a hand out

Just what she needs
'Cause it's the outlaw in the city
Voodoo in our town
And leaves them under the ground
Steals the life from those you pity

- Chorus:
Fire Of The Dragon
Dirty Dragon and took 'em to their
Promised land
He left his mark all over your hands

Middle East struck again

Cat Brown has a hit the streets
When you're shakin' and your body's so weak
So at night when you're naked with your bride
It seems you just can't win
Think about the young man and his lady love
Think about what I've said
It's so sad, so bad

'Cause it's the outlaw in your city
Voodoo in the town
Stole the life from those you pitied
And left them under the ground

Repeat Chorus
