Verse

She don't live on a straight line, loves to tread on the
danger zone,
Got to have a good time, doesn't like to party alone.
Only drives a fast car, loves to scare me half to death!
We always seem to go too far, sometimes it's hard to
catch my breath.

Bridge

Oh, you wanna hold her and control her
She does anything she wants.

Chorus

My wild romance, my wild romance.

Verse

Now the girl don't want no chaperone, she's much too
wild for that,
So wound up she's got to roam, got the moves of a
jungle cat.

Bridge

Oh, you can't control her, no way to hold her
She does anything she wants.

Chorus

My wild romance, my wild romance, and
I'm so glad that I've really took the chance, cause she's
My wild romance.

Repeat Chorus...
