She doesn't talk about love, but I can see it in her eyes
She doesn't talk about faith, but she's got me
hypnotized
She's a beautiful girl, but she cries at night
'Cause she just can't find someone to love her right

She sees it all, but she don't understand
She'll kiss my lips, but she won't hold my hand
She's a beautiful girl, but she cries at night
'Cause she just can't find someone to love her right

She craves the touch
But hates the fight
And it hurts so much
All through the night

She walks alone
With no end in sight
As I long for her
With all my might

Well I can see all these things
Deep down in her soul
She's got all the parts
But she ain't whole
So why don't you take my hand
And come with me for tonight
And I'll show you how it feels to be loved right

Let me see your smile
The one that tears down walls
And I will be right there
When you stumble, if you fall
So let me take your hand, late late at night
And I'll show you how it feels to be loved right
