Are we ready  
Come on come on  
Yeah yeah yeah yeah

Don't let me talk to you  
Don't let me see you  
Don't let me try to take anything away from you  
Just try to break me  
Just try to...  
They just got to reach me... never talk talk talk, no  
Never talk talk talk, no  
I'm just a...  
Never talk talk talk, no

I am knock knock knocking  
Knock knock knocking  
Knocking on the back of your door  
I am knock knock knocking  
Knock knock knocking  
Knocking on the back of your door oh Baby

Can you hear me  
Come on let me sing it

Always tipping tapping...

I... talk to you
