You make me feel  
Love, love is danger  
when it is like a stranger  
beware of what you do  
before you're hearts broken in two  
Fight, beware you're swallowed  
get rid all your sorrow  
go back on the attack  
or else she won't come back  
Love, love is anger  
it kills you like a stranger  
becuse it has no mercy  
all it can do is curse me  
Fight and don't surrender  
stand up and just remember  
go back on the attack

or else she won't come back  
Chorus I  
I've got, I've got no love  
I'm trying to talk to you  
Repeat Chorus I  
Chorus II  
Everybody has got to love someone (2x)  
Repeat Chorus II  
Repeat Chorus I (2x)  
Repeat Chorus II (4x)  
Repeat Chorus I (4x)  
You make me feel
