It aint right  
Feel like I just fell off a freight train  
A hundred miles from no where  
Face down on the desert floor  
Right about the time  
I get something to lean on  
Another cat just comes along  
It aint fair  
Pull me up 'cause I fading  
Withering like grapes on the vine  
Pull me up 'cause I fading  
Pull me up 'cause I falling off  
Pull me up 'cause I fading  
Pull me up 'cause I falling off  
The steeper grade of the track  
Pull me up 'cause I falling off  
I dont mind  
That I'll be wearing the wrong damn clothes  
The day I lost my mind  
Is this town even here you know  
I think I lost my mind  
Stagger down my tracks  
Wait for the train to come  
Pull me up 'cause I fading  
Withering like grapes on the vine  
Pull me up 'cause I fading  
Pull me up 'cause I falling off  
Pull me up 'cause I fading  
Pull me up 'cause I falling off  
Pull me up 'cause I fading  
Withering like grapes on the vine
