Tis the coming of the calm before the storm
Is it in the nick of time are we already out of line
I think its time we got ready

And did you crucify yourself show resistance or beg for
some more I wanna
wish you well
I don't think it went so well
I wanna wish you well

A line is on your mind and your eyes aren't gonna close
That's why your hair stays so heavy
A blurry blissful swift decent
And now you wonder where you went
And did you qualify yourself crucify yourself
Lose your direction
Or go for the gold
I wanna wish you well

I didn't think you'd come in

Thank you for coming here
Get me out as fast as you can
This aint my hell I wanted
Whos gonna want hell if ya want it (2 X's)

Would you like to gain your perspective
I couldn't get it anymore

I wanna wish you well
I don't think it went to well
I wanna wish you well
Well I didn't think you'd come here for me

Thank you for coming here
Get me out as fast as you can
This aint my hell I wanted
Whos gonna want hell if ya want it (2 X's)
