Hey Hey
Don't you like it
There's nothing here
Empty
Don't you like it
There's nothing here
There's nothing like it
Empty
Don't you like it
Empty
Don't you like it
Hey Hey
Yeah Yeah Yeah
Oooohwah
There's nothing like it
There's nothing here
Don't you like it
Empty
It feels like vertigo
Rising in flames
Don't you buy that
Fill your empty holes
But you dont stay the same
Its not like that yet
Hey
Don't you like it
There's nothing here
Don't you like it
Don't you like it
Don't you like it
Don't you like it
