He was quiet, he was shy A stay-at-home sort of guy
Someone you'd trust your sister with Had a twinkle in
his eye Yet they say he was psychotic They say
psychotically disturbed He was mentally unbalanced, a
schizophrenic mass murderer with severe personality
disorders They used their jargonistic words So he
killed and mutilated Served his victim on a tray But
Jeffrey Dahmer was my friend, okay? Tuesday nights
we'd go out bowling And he'd blow those pins to hell
He'd watch what he'd eat And it watched him as well
Friends, friends We can all be friends If we just let the
little hurt Between us mend I met him at the circus He
was hiding in the dark Pulling funny faces Making
people laugh They say he was a freak They say
genetically deformed Should have sold his body to
science The minute he was born But he'd just smile and
say, "[slurp] You've all been very kind." Yes, yes, John
Merrick, the Elephant Man Was a friend of mine We'd
all go out on blind dates Hessian bags over our heads
We never slept like normal kids We'd sit straight up in
bed Friends, friends We can all be friends If we just let
the little hurt Between us mend He was a painter, quite
artistic He had that suave panache A tasteful brown
shirt And a cute toothbrush moustache Yeah, he loved
his German Shepherd Walking by the babbling brook
Watching blond haired, blue eyed children Setting fire
to books Yet they say he was a monster Rhe leader of
the Reich But Adolf Hitler he was my friend, alright? He
loved to go out dancing, Really dug the human league
And that song by Alice Cooper, "Only Women Bleed"
Friends, friends We can all be friends If we just let the
little hurt Between us mend Friends - He murdered 17
million of the bourgeoisie But Joseph Stalin was a
friend to me! Friends - Some say he shot the president
- is that crime? Lee Harvey Oswald was a friend of mine
Friends - He pillaged, was the scourge of Eastern
Europe But Ghangis Khan was my good rocking buddy!
Friends - She's cute, sort of awkward, her closes barely
fit her But Myra Henley was my baby-sitter Friends -
Charlie Manson never killed Sharon Tate He's "Lucky
Chucky" to his mates Friends - David Koresh never died

in that fire He's our friend, our buddy, our messiah
Friends - Jack the Ripper gave his heart to me Friends -
Idiah Min and I played quoits Friends - Margaret
Thatcher was a pitcher, not a catcher Friends - Pol Pot
was a friend of mine Friends - Noriega was a friend of
mine Friends - Ceaucesu was a friend of mine Friends -
Pinochet was a friend of mine Friends - Michael Jackson
was a friend of mine... Come on, boys, can't we love
one another? Even Oedipus had a mother Friends,
friends We can all be friends If we just let the little hurt
Between us mend Friends, friends We can all be
friends If we just let the little hurt Between us mend
