We should all go back to church cos they've hit the  
market place  
They're getting fashionable ideas from back issues of  
"The Face"  
They've bought part shares in the pill, porn videos and  
guns, guns, guns!  
Old concepts are boringn the designer mass is fun  
They've changed the local parishes into saunas, gyms  
and spas  
The Eucharist and the Covenant is now a mini-bar  
They've bought a New York decorator to turn cherubs  
into fairies  
The body and the blood to caviar and Bloody Marys  
While the font is a jacuzzi and holy water's Perrier  
'Cos the Vatican has found a way to make religion pay  
If you've soiled your conviction, sold your soul  
All you need is absolution, get some good rock n roll

Let my people go, go, go to church - listen to the  
preacher  
Go to church - he'll teach you more than Friedrich  
Nietzsche  
Go to church - where you can let your hair hang down,  
down, down  
No need to be embarrassed 'cos there's no one else  
around

The parish priests are trying to make lay-people of your  
daughters  
Installing water beds as their sacrificial altars  
Parents are concerned but nothing could be safer  
'Cos your girl won't get pregnant if she's chewing on  
that wafer  
And while I'm on the topic, did I forget to mention  
That Brother Joe rides piggyback with dubious  
intentions?  
And Amy Grant's has songs that have you coming in  
your socks  
While pre-pubescent school boys try to pillage her  
poor-box  
The flying nun with see through frocks and sexy

lingerie

Now they've turned the sacred sacrament into a  
cabaret

Let my people go, go, go to church - that's what my  
mother used to say  
Go to church - or you will rue the day  
Go to church - where you can go and see all the pretty  
people  
If you've never been before it's the building with the  
steeple

The mass was best in Latin, they never should have  
banned it  
It doesn't make sense now that we can understand it  
Socer uno servo fetum, Lefevre's not a faggot  
But if he don't take care he'll get laid, he'll get laid  
He'll get laid off like Jimmy Swaggert  
Admission is free if you're certain of your fate  
If not I recommend some big cash on the plate  
Or get a damn good lawyer to change the ref's  
decision  
Cos I'm stuck with going to church like I'm stuck with  
circumcision

Let my people go, go, go to church - cause you may  
find favor  
Go to church - lift your arms to the savior  
Go to church - it's getting warm and I can hear that  
final bell  
You'd better move your feet there's no fire escape in  
Hell  
Come on all you sexually impotent, drunken, drug-  
pushing scumbags...  
Go to church!
