I won a big prize in a magazine  
A night in Ramsay Street with what's-his-name and  
Charlene  
I sat there eagerly with my private invitation  
My thoughts were filled with bizarre initiations  
This couple oh-so-sweet, naive and innocent  
Their ideas of fornication makes Lady Di look bent

Thought they'd be hip to smack, maybe enjoy a whack  
But they were real nice kids so I tried a different tack  
I pumped up their hearts with love and mind expanding  
drugs  
And made a proposition with a rubber glove  
I thought they'd need convincing  
Then Kylie started mincing  
And Jason was expanding  
When I said I'd ride 'em tandem.

Jason and Kylie menage a trois me  
Let's get together and we'll practice making babies  
Jason can play Ken, Kylie plays Barbie  
And when I start playing Rin Tin Tin  
They'll both learn how to doggie. (Ruff ruff ruff! )  
And they called it puppy love

I'll be Mrs Mangle with a revolutionary French blender  
Kylie can be the Bastille and then Jason can defend her  
And poor old Daphne in a car crash died  
Now maggots eat her corpse from the inside  
They're just as good in bed as on the TV screen  
Young intellectuals will know what I mean

Kylie and Jason, let's play Freemasons  
I'll chase you 'round the house while you wear silly  
aprons  
I'll be the wife who doesn't understand  
It's not the clothes that make the man it's the  
handshake  
1-2, 1-2-3, 1-2-3-4, hey, hey!  
Jason and Kylie, et tu brute  
They're just like free range eggs, they're a damn good

lay

We made real fine threesome, each one of us inside us

And when you root like that, nothing can divide us!

1-2, 1-2-3, Jason and Kylie for me!
