"Throw Your Arms Around Me"

I will come for you at nighttime
And I will raise you from your sleep
Lord, I will kiss you in four places
As I go running up your street
And I will squeeze the life out of you
And you will make me laugh and make me cry
And we may never forget it
You will make me call your name
And I'll shout it to the blue summer sky

And we may never meet again
So she'd your skin and let's get started
And you may throw your arms around me
Yeah, you may throw your around me

Well, I came for you at nighttime
And I watched you in your sleep
Lord, I kissed you in four places
I kissed your head and kissed your feet
Now if you disappear out of view
You know that I will never say goodbye
And though I try to forget it
You will make me call your name
And I'll shout it to the blue summer sky

And we may never meet again
So she'd your skin and let's get started
And you may throw your arms around me
Yeah, you may throw your arms around me

Yeah, you may throw your arms around me
Yeah, you may throw your arms around me
Yeah, you may throw your arms around me
Yeah, you may throw your arms around me
