Ah, she was a roller and a midnight stroller
Used to walk in the night
A little teaser, full time pleaser
Standin' under the light
Lookin' for a buyer that was lookin' to hire
Ooh, her service day or night yeah
And she's payin' for it now

Chorus:

Came a day when her looks faded away,
Her outside beauty was gone
Yet inside, still had her pride
Don't you know life goes on
Tryin' to stay young, always on the run
Livin' her life in the streets
Now they look away, this is the price that she pays
She's payin' for it, she's payin' for it now
Ah, she's payin' for it, she's payin' for it now

Ah ---- Ah --

Ah ---- Ah --

Repeat Chorus
