Ah yeah  
Yeah hah

Well, here he comes man of the slums  
Walk the streets of the ghetto  
Well I beg your time  
Take what you find  
Before this thing gets old

(Street fighter)  
Well he fights for what he's been told  
(Street fighter)  
Can ya get there now hooold

Well I know it's hard  
Someday you'll go far  
Told ya I could beat your crew  
If hard times drive you crazy  
I know you're not lazy  
Someday it'll happen just for you

(Street fighter)  
Well he fights for what he's been told  
(Street fighter)  
And he's driven out of control

Yeah street fighter  
Well he fights for what he's been told  
He's such a fighter  
And ya can't blame that on a home

Street fighter  
And he fights for what he's been told  
Street fighter  
And he's driven out of control
