Well its seems that everybody has to tell me what to do  
And I didn't listen to them so you know I won't listen to  
you

'Cause you know that I'm down right crazy as hell  
I do what I want to do  
Go stand up on the street corner begging for change  
And end up being a fool  
I'm warped and I'm comin' to you

Yes I'm out on my own and nobody speaks for me  
And I don't want much but to keep on riding free  
And its too bad you cant live your life for yourself  
Make 'em understand that you don't need nobody else

Cause you know that we're down right crazy as hell  
We do what we want to do  
Don't you stand up on the street corner begging for  
change  
You'll end up being a fool

I'm an easy going man with a simple little plan  
You know I ain't nobody's tool  
Just because I don't talk to much don't think I'm too  
cruel  
I'm warped and I coming to you

Well I'm warped, and nuthin's ruling my mind  
And I loved the boogie woogie  
When the piece is right  
Well I'm warped and I'm burning my brain  
Why don't you come with me and ride it's a rock 'n' roll  
train  
Ohh choo, choo little mama

Ohhh, Ahh ha, ha, ha, ha, ha, ha

Now I'm out on my own and nobody speaks for me  
And I never wanted much but to keep on riding free  
Well freedom is a fire that never goes away  
And you can't have the flame until your dying day

'Cause you know we're down right crazy as hell  
Do what we wanted to do  
Don't stand up on the street corner begging for change  
Or you'll end up being a fool

I'm easy going man with a simple little plain  
You know I ant nobody's jewels  
Just because I don't talk too much  
Don't think I'm too cruel  
I'm warped and I'm comin' to you
