"Broke Down Heart"

You never bring me flowers any more
It's hard to say just what I'm living for
I get home and nothing's changed
I'm feelin' so deranged
I got this broke down heart baby.
I got this broke down heart.

I'm drowning like a boot with no sole
I keep fallin down this great big hole
That you made when tore right through
My lonely heart that I gave to you.
I got this broke down heart baby.
I got this broke down heart.

I'm at the bottom of a canyon and I shout
'I don't think I can find my way out "
They say some folks can turn things 'round
But that's not what I found.
I got this broke down heart baby.
I got this broke down heart.
