Well here's a song I call the shopping song
When your shopping you can sing along
You'll hear the music in different stores
Thru twirlin' doors and up on second and third floors
For sales looking for deals
Looking for bargains no time for meals
Got to keep going mall to mall
Got to keep shoppin' ya, havin' a ball.
Kathy here's your shoppin' song
Kathy pick out a new dress

When you hear it you'll recognize the tune
It'll keep you shoppin' from july to june
All year round you'll shop 'till you drop
Wear out your shoes like a street walkin' cop
Looking for sales looking for deals
Looking for bargains no time for meals
Got to keep shoppin' mall to mall
Got to keep shoppin' ya havin' a ball
Kathy here's your shoppin' song
Kathy pick out a new dress.

Second hand stores and a shoppin' boutique
I haven't seen girl since late last week
Don't forget your lovin' man at home
Pick me up something maybe one of those black
combs.
Looking for sales looking for deals
Looking for bargains no time for meals
Got to keep shoppin' mall to mall
Got to keep shoppin' ya havin' a ball
Kathy here's your shoppin' song
Kathy pick out a new dress. pick out something.
