She walks down the treadmill of success
With her high voltage smile
There's no doubt in anyones mind
The girl can go the extra mile
She's been working hard at her day job
And now it's finally paying off
She's got a down payment on a new house
It's got a sunroof and a loft.
Well I hope that she's happy with her new prospects
Travellin down this road they call life
You don't always get what you expect
And I hear her singing
Na na na na na na na
Na na na na.

She's got on her headphones
Listening to the byrds sing "eight miles high"
She's listen to what her mama told her
She said "ya gotta to shoot for the sky "
She signed a big fat contract
With a company way out east
She got her first pay cheque late last week
Called all her friends to the huge feast.
Well I hope that she's happy with her new prospects
Travellin down this road they call life
You don't always get what you expect
And I hear her singing
Na na na na na na na
Na na na na.
