I'm going to knock on your door one thousand times
You see I tried to telephone but they say your now
home

I know that's a lie I saw you upstairs with another guy
Don't you think that it's time that we got together
Don't you think that it's time that we worked this thing
out

I'm going to stand outside all night by your window
And call your name out loud until you answer my call
Veronica veronica veronica veronica
I know your up there somewhere.
I'm going to stand here all night

Well your sister thinks I'm cute in my brand new suit
And I bought a new tie to look better than the other guy
I wrote you a little note so don't you go and throw it out
Don't you think that it's time that we got together
Don't you think that it's time that we worked this thing
out

I'm going to stand outside all night by your window
And call your name out loud until you answer my call
Veronica veronica veronica

I'm going to bring a few friends to help me sing
Veronica veronica help me out now
I know your up there somewhere
Veronica veronica

Come on answer the door!
