Recline and behold, a sordid display
Absorb and digest, the most nauseating of all
Novellas ever told

So Incompetent, yet urged to implement
Despite the lack of operative skills,
His lacunal medical content
A raging disgust to populace portent
So incompetent yet urged to operate

Inflicting cessation - upon a world that's left to rot
Genocidal perfection - procreating necrosis on a global
scale
Inflicting cessation - upon a world dying to end
Genocidal profection - from dusk till dawn to end

Recline and behold,
Forever - prophecies foretold
In my eyes - merely a function to uphold

I cannot see why anyone would regret
The extermination of this rock of filth
Humanitary suffocates,
Humanity hates
Industrial channels conform the abolition on organic
integrity
