

## Aborted "Pestiferous Subterfuge"

Visit "[Pestiferous Subterfuge](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Life - medicated - detruncated

Unsatisfied... urges from within  
Dark chasms of reality  
My life runs on empty

Superior? Or inferior?  
No matter, you're all just cattle  
My cup runneth over...

I reek your depravity  
Feed on your sciolism

Ritual cleansing; set to the fore  
Absurd to many; regulating my life  
Perpetual mayhem; set to the gore  
Purity in murder I am

Perversion? Damnation  
In a gray zone of decadence I reside  
I feed on the scorned

Mysoginic abomination  
With scalpel and blade I demonstrate  
The beauty of madness

With surgical precision their lives come to an end  
Stainless, emotionless  
The darkness in me

Pestiferous subterfuge  
The hollow inside, the darkness in me

Unsatisfied... urges from within  
Benine spasms related to the kill  
My life runs on empty

Superior? Or inferior?  
No matter, you're all just cattle  
My cup runneth over...

Flesh: but a canvas for me to sculpt at will

Medicated, detruncated  
Humanity a shitstain to be removed

Pestiferous subterfuge  
The hollow inside, the darkness in me  
Pestiferous subterfuge  
Depicting remains of humanity...
