Vile - cruel - sadistic
Grotesque and depraved
Malignant, narcissistic
Hypochondriac drama-slave

You're the soul-less embodiment
The spitting of degeneration
A model of dehumanized glut
Craving lechery and fame

Strike the pose and beg to be fucked
Strangled - in a misinterpreted freedom frame

In your own prison
Contaminate - degradation
Stalk and stab backs
A dark wish for violation
A spineless coward for life
Accomplice your own deception

Rejecting
Projecting
Until the mirror cracks

Dominating
Delusional
Until the mirror cracks

A soul-less sack of flesh and bone
Shamelessly self-indulgent
In your revulsive, blind lust
You're truly fucking special

Strike the pose and beg to be fucked

In your own prison
Contaminate - degradation
Stalk and stab backs
A dark wish for violation
A spineless coward for life
Accomplice your own deception

I call truth
Through your lies I behold the spreading cancer
Stand in total awe of the denigrate

The obfuscate
Sent reeling
In this hysteria
I have witnessed
The cries of a conscience
Dying to come to life
The obfuscate
Your holes can never be filled
