"The Sanctification Of Fornication"

Visit "[The Sanctification Of Fornication](#)" on MotoLyrics.com

Bless the narrow sphincter of the whore
The major commandment where priests live for
Religious pornography starring "the children"
Divine eyes dilate with concupiscence
Thrusting and bursting forbidden climax on the altar
Embodiment of god?
Emaciated childfucker

Divine fornication untanable priestly urges
Engratiating prayers addictive sacred orgasms

Woe betide you if you tell
Perennial torture awaiting you in hell
Livege feacial, messiahanic miscarriage
Stick your rod in the son of god

Sworn to celibacy, anal Christianity
This is my semen suck your way to god
Swallow my seed feel the pain
Lick the diarrhoea from his arse
Sphinctral whoreson from a virgin's cunt
